PROFESSIONAL EXPERIENCE

VINEYARD GOLF CLUB SENIOR ASSISTANT SUPERINTENDENT

**EDGARTOWN, MA
MAY 2017 – PRESENT**

18-hole private club designed by Gil Hanse and opened in 2015 - voted best new private golf club by Golf Digest. Reputed to be the most environmentally sensitive Golf course in the world and the Global leader in Golf course sustainability.

Leadership:

- Assist in the execution of the agronomic program to ensure conditions consistent with member expectations
- Manage staff scheduling for 35 employees to ensure efficient use of labor
- Train staff on all job responsibilities required to execute a high standard and successful agronomic program
- Gained excellent financial and budgetary skills: pursue quotes, file inventory, track purchases, invoices, and other expenditures
- Integral in collaboration on the construction of a new state-of-the-art turf maintenance facility
- Promoted an efficient safety program to ensure employee, as well as member, safety

Championship Course Conditioning:

- Execute proper management program through organic plant protectants, fertilizer, and wetting agent applications on all turf surfaces; ensure state and town regulations are met
- Conduct expert-level daily scouting for disease, drought stress, moisture levels, mechanical issues, and insects; all critical to a successful operation
- Supervised various construction projects including Better Billy Bunker liner renovations, installation of new A-4 bentgrass tee boxes, drainage on tees and approaches, pump house renovation, and pond agitators

UCONN ATHLETIC FIELDS GROUNDS CREW

**STORRS, CT
AUGUST 2016 – MAY 2018**

Prestigious Division I collegiate athletics facility hosting both American Athletic Conference and NCAA events.

- Performed necessary maintenance duties to upkeep fields to the National Collegiate Athletic Association standards such as mowing, painting lines, dragging infields, topdressing, and aeration

TWIN HILLS COUNTRY CLUB CREW FOREMAN

**COVENTRY, CT
AUGUST 2014 – AUGUST 2016**

18-hole public course designed by owner and opened in 1972.

- Executed numerous course maintenance jobs including course setup, fertilization, irrigation, mowing, and aeration
- Delegated daily tasks from the superintendent to the employees as a crew foreman
